

IAAO Course 402 Tax Policy

Sponsored by
Illinois Chapter of the IAAO

Think tax policy is boring? Think again. Certified IAAO instructors will lead students through interactive discussions and activities designed to get them thinking about tax policy as an applied topic within their jurisdictions. Course 402 equips learners with the ability to support the role and significance of property tax to policymakers and the public alike. The course provides students with tools and resources to help them explain the effects of property tax and a sound theoretical basis to guide decision-making and assist in creating workable solutions for their jurisdictions. If you interact with the public and policymakers, then Course 402 is for you. For more information [course 402 info.pdf \(iaao.org\)](#)

For Illinois Assessors, this course provides 30 hours of continuing education as approved by the Illinois Department of Revenue and the Illinois Property Assessment Institute. The IDOR & IPAI will allow the course to be taken as either an exam or seminar provided the student declares their intention prior to taking the course.

If you have any interest in possibly obtaining one of the IAAO's highly prestigious designations you must take this class as an exam.
